Akhil T

Flutter developer

My journey in Flutter began with its inception, and I have witnessed the framework's growth and evolution firsthand. I possess a deep understanding of Flutter's core concepts, such as widgets, layouts, animations, and state management, allowing me to develop efficient and maintainable codebases. Additionally, I stay up to date with the latest advancements in Flutter, ensuring that I can leverage new features and improvements in my projects.

Rest Api Testing and Deployment

PROJECTS

LMS-(Laurel-mercury)
- Successful Implementation: Successfully developed and deployed a fully functional Learning Management System (LMS) that met all project requirements and objectives.
- Improved Learning Experience: Received positive feedback from students and instructors on the enhanced learning experience provided by the LMS, including easy access to course materials, interactive features, and effective communication tools.

LMS-(Codeme Lms)
- Positive Stakeholder Feedback: Received positive feedback from stakeholders, including educational institutions, instructors, and students, on the usability, functionality, and overall value of the LMS.
- Continuous Improvement: Demonstrated a commitment to continuous improvement by gathering user feedback, addressing issues promptly, and incorporating feature enhancements and updates based on user needs and industry trends.

CRM lead management(Foxa CRM)
- Increased Lead Conversion Rate: Implemented effective lead management strategies resulting in a significant increase in the conversion rate of leads into qualified opportunities and customers.
- Improved Lead Quality: Implemented lead qualification processes that resulted in higher-quality leads being passed to the sales team, leading to improved efficiency and higher conversion rates.
